## Hailey Rubner

*Instructional Assistant*  
*Weaselhead*

Hello, my name is Hailey Rubner, and I am a registered Social Worker. Previous to my career at Third Academy, I worked at Woods Homes with children ages 6-12. I have had the pleasure of working at Third Academy for two years as

an Instructional Assistant. Some of the many different grades I have worked with are high school grades 10-12, junior highs grade 7-9, and kindergarten. I am currently at the West campus in the LYNX program. Monday, Tuesday, and Friday I am in the classroom helping the online kids grades 1-7 with their work, in the afternoon we all go out to Weasel Head and enjoy the fresh air. Wednesday's, I am supporting in Kindergarten. I enjoy working at Third Academy because I love working with children and helping others. This career allows me to do both, by using my past knowledge and skills to help children with special needs today. Outside of the classroom I enjoy going to the gym, and staying active.
