Megan Baxter

Teacher Cochrane

Hello! My name is Megan Baxter and I'm new to LYNX and Third Academy. I'm excited to be one of your teachers this year! I grew up in Toronto and moved out west about 4 years ago to live near the mountains. I hold a Honours Bachelor of Health Studies, a

Honours Bachelor of Education and a Masters of Disaster and Emergency Management focused in safe school policy and long term care. I am passionate about the outdoors and spend most of my free time in the mountains hiking, camping, rock/ice climbing, mountain biking and canyoning. I have a dog named Echo who loves mountain biking and scrambling with us. Outside of school I volunteer with Scouts Canada and Team Rubicon. I'm looking forward to exploring and learning with you
